INDEX OF VOLUME EIGHT, 1970

The papers which appeared in Volume 8, 1970 are listed below in order of publication from the January-February issue through the November-December issue. Authors' names and page numbers are provided.

NUMBER 1, JANUARY-FEBRUARY, 1970

The Contractor's Analysis of Technical Reports for the Ground-Water Industry, by Guiford E. Miller, pp. 2-5

Small Diameter Wells Drilled by Jet-Percussion Method, by W. G. Matlock, pp. 6-9

Well Screens and Gravel Packs, by A. Hunter Blair, pp. 10-21

Statistical Evaluation of Salinity and Nitrate Content and Trends Beneath Urban and Agricultural Areas—Fresno, California, by Harry I. Nightingale, pp. 22-28

Infiltration Induced Soil Instabilities, by Donald Dean Adrian, pp. 29-36

Status of Ground-Water Investigations in Angola, by Frits van der Leeden, pp. 37

NUMBER 2, MARCH-APRIL, 1970

A View from the Crossroad of the International Hydrological Decade, by L. A. Heindl, pp. 2-4

Estimating the Ground-Water Contribution to Storm Runoff by the Electrical Conductance Method, by Adrian P. Visocky, pp. 5-10

Electric Well Logging of Hawaiian Basaltic Aquifers, by F. L. Peterson and Chester Lao, pp. 11-18

Noninstrumental Factors Affecting Measurement of Static Water Levels in Deeply Buried Aquifers and Aquitards, Nevada Test Site, by Isaac J. Winograd, pp. 19-28

Modelling Partially Penetrating Rivers on Aquifer Models, by Robin Herbert, pp. 29-36

The Movement of Bacteria and Viruses Through Porous Media, by John C. Romero, pp. 37-48

NUMBER 3, MAY-JUNE, 1970

About Communication, by J. L. Poole, pp. 2-4

The Chemical History of Some Spring Waters in Carbonate Rocks, by R. L. Jacobson and D. Langmuir, pp. 5-9

Air Pump for Small-Diameter Piezometers, by P. C. Trescott and G. F. Pinder, pp. 10-15

On the Design and Construction of Infiltration Galleries, by Truman W. Bennett, pp. 16-24

A Mathematical Model of an Existing Municipal Well Field, by Richard N. DeVries, pp. 25-28

Trend-Surface Analysis of Ground-Water Fluctuations, by John D. Rockaway, Jr., pp. 29-36

Cones of Influence Developed in the Silurian-Devonian Aquifer, Maumee River Basin, Ohio, by M. R. Rowland and G. R. Kunkle, pp. 37-43

NUMBER 4, JULY-AUGUST, 1970

Scientists, Politics, and the N.W.W.A., by Keros Cartwright, pp. 2-3

Comments on Water Laws in Minnesota, by W. C. Walton and R. A. Haik, pp. 4-10

Drain Installation for Nitrate Reduction, by L. S. Willardson, B. D. Meek, L. B. Grass, G. L. Dickey and J. W. Bailey, pp. 11-13

Ground-Water Velocity Partition, by Darrel E. Dunn, pp. 14

Aquifer Simulation on Slow Time Resistance-Capacitance Networks, by K. R. Rushton and R. G. Bannister, pp. 15-24

Common Errors in Developing a Ground-Water Aquifer, by D. V. Whitesides, pp. 25-28

NUMBER 5, SEPTEMBER-OCTOBER, 1970

Who's Rocking the Ark?, by David W. Miller, pp. 2-3

Effects of a Concentrated Acid on Water Chemistry and Water Use in a Pleistocene Outwash Aquifer, by Hayes F. Grubb, pp. 4-7

The Significance of Percolation Water in Limestone Catchments, by David P. Drew, pp. 8-11

Determining the Sustained Yields of Wells in Carbonate and Fractured Aquifers, by R. R. Parizek and S. H. Siddiqui, pp. 12-20

A Computer Method for Pumping-Test Analysis, by Z. A. Saleem, pp. 21-24

Use of Alluvial Faults in the Storage and Retention of Ground Water, by Dennis E. Williams, pp. 25-29

Model Tests for a Horizontal Well, by Yehuda Peter, pp. 30-34

NUMBER 6, NOVEMBER-DECEMBER, 1970

Put Hydrogeology into Planning, by David A. Sommers, pp. 2-7

Some Limitations of Seismic Refraction Methods in Geohydrological Surveys of Deep Alluvial Basins, by D. E. Wallace, pp. 8-13

The Rock and Bong Techniques of Measuring Water Levels in Wells, by David M. Stewart, pp. 14-18

A Hydrological Approach to Control Acid Mine Pollution for Lake Hope, by Moid Uddin Ahmad, pp. 19-24

Interference Between Gravity Wells—Steady State Flow, by Abdel-Aziz I. Kashef, pp. 25-32

The Probability of Anomalies on Contour Maps, by Darrel E. Dunn, pp. 33-38

Numerical Solutions for the Radial Subsurface Flow Problem, by R. L. Drake and M. B. Ellingson, pp. 39-47

INDEX OF VOLUME EIGHT, 1970

The papers which appeared in Volume 8, 1970 are listed below in order of publication from the January-February issue through the November-December issue. Authors' names and page numbers are provided.
